

*Interesting to Gold Diggers.*—By a recurrence to our legislative proceedings, it will be seen that the object of calling an extra session is at last about to be effected. The Governor is authorized to take possession of the gold mines on the first of January. Till then, every person can have free access, and appropriate to his own use and benefit all he can find of the glittering article. Several hundreds, perhaps thousands, are already taking advantage of this wise (?) omission of our legislature, and we understand some two thirds of Tennessee are on their way towards the gold region, eager to participate in the work of relieving it of its superfluous treasures.
