

*By Capt. J. C. Edwards*--Our absent friend and fellow citizen, the Honorable A. S. Clayton—His late acts in Congress, have proved him worthy of his trust; like a true Georgian he has gained that honor for his State, which makes her one among the brightest stars in the tiara of freedom, and like true Georgians we will honor him---not only with a "welcome home," and a return to Congress, but with a name in the records of his country worthy of the most aspiring, freeborn spirit.
