

☞ We noticed some time since the charge of a correspondent of the Milledgeville Federal Union, at Washington City, implicating some of our Representatives in the Cherokee Treaty affair. We then gave it as our opinion that the Editors of that paper had been most grossly imposed upon by their correspondent. The charge we viewed as preposterous and ridiculous in the extreme. But it seems that some of our Representatives, Messrs. Foster, Lamar and Clayton, thought it of sufficient importance to merit a contradiction. They have severally addressed the public on the subject; and in throwing off from themselves the imputation, they have vindicated with their own, the innocency of their colleagues.
